## **Fire and Ice**

Money Deals. Plastic is made from crude oil and natural gas, which are fossil fuels.

## **Enforcer of the Darkness**

Given both the title of the work and directional manner in which each of the French masterworks seems to converge on the pensive head of Pollock, this image may be read as an endeavor to draw connections between the artistic capacity of the American artists and his reliance on French Modern artists. The view counter shows the number of times the user's content has been seen by others, including photos, posts, and profile page.
